Hello [First Name of Recipient],

[Pharmacy Name] located in [Pharmacy City, Pharmacy State] is excited to introduce PakMyMeds™. PakMyMeds is our free medication pouch packaging service that simplifies your patients' multiple medication regimen. Our pharmacy will organize and package all prescribed medications for your patients, removing the hassle and time-consuming organization that pill bottle delivery incurs.

Our service is perfect for anyone struggling to stay adherent. It can make patients' medication administration more convenient. These easy-to-open, tear-anywhere, pouches are marked by dosage, day, date and time. Simply refer your patients to [Pharmacy Name] and we'll do their medication transfer for them.

Have your patients say “goodbye” to non-adherence and “hello” to healthy living. We look forward to serving them!

Sincerely,

[Pharmacy Name]
